CAREER OBJECTIVE

Seeking a challenging position to contribute to organizational growth through a proactive mindset and analytical problem-solving. Committed to technical excellence and delivering high-quality solutions while growing within an innovation-driven team.

ACADEMIC QUALIFICATION

B.Tech in Computer Science & Engineering *Amity University Madhya Pradesh* | **2023 – Present** |
Specialization: Data Science | CGPA: 8.56

Class 12 [MP Board] | **2023 Percentage:** 84.8%

Class 10 [MP Board] | **2021 Percentage:** 91%

PROFESSIONAL QUALIFICATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering

Amity School of Engineering & Technology (ASET), AUMP | **2023 – Present**

Specialization: Data Science

PROJECTS

FixIt: AI-Based Civic Issue Detection | Computer Vision

- **Objective:** Real-time detection of potholes and garbage using CNN & OpenCV.
- **Stack:** Python, TensorFlow, OpenCV, REST APIs.
- **Impact:** Built a civic-tech prototype for urban maintenance; presented at ML hackathons.

Instagram Chat Emotion Analyzer | NLP & ML

- **Objective:** Classifying chat emotions via an NLP pipeline using TF-IDF & Lemmatization.
- **Stack:** Python, NLTK, Scikit-learn.
- **Impact:** Achieved **94% accuracy** in identifying behavioral trends and sentiment.

Demographic Data Insights Dashboard | Cloud ML (IBM)

- **Objective:** Enterprise-level data analysis and automated insight generation using WatsonX.ai.
- **Stack:** IBM Cloud, Watson Studio, Cloud Object Storage.

INTERSHIPS

Technology Intern | CA-Copilot | *March 2026 – Present*

- Developing **AI/ML models** and **NLP-based automation** modules for financial compliance; integrating backend APIs for seamless data workflows.

Frontend Intern | Young Thames | July 2025 – Sept 2025

- Built responsive **React.js/Tailwind** UIs and integrated **REST APIs** for ML analytics; optimized dashboard performance for enhanced usability.

AI-ML Virtual Intern | Google for Developers (EduSkills) | Summer 2025

- Completed **10-week AI/ML training** supported by **AICTE**; applied advanced ML algorithms to real-world datasets under the India Edu Program.

ML & Cloud Intern | IBM | June 2025 – Aug 2025

- Engineered **WatsonX.ai** workflows and automated ML pipelines on **IBM Cloud**; developed a Demographic Data Analysis project using Cloud Storage.

CERTIFICATIONS

- **Gen AI:** OCI Certified GenAI Professional | IBM RAG with LangChain | AWS GenAI Foundations.
- **Cloud/Dev:** Cisco Docker & Kubernetes | IBM Cloud Solutions | Walmart Software Job Simulation.

TECHNOLOGIES

- **Programming:** Python, C++, SQL.
- **ML/AI:** NLP, Computer Vision (OpenCV), CNN, Scikit-learn, Generative AI.
- **Cloud & Tools:** IBM WatsonX.ai, Google Cloud, Git/GitHub, Docker.
- **Web Tech & DB:** React.js, Tailwind CSS, MySQL, MongoDB.

LANGUAGE SKILLS

- English and Hindi.
- French (Rudimentary)

STRENGTHS

Analytical Thinking, Fast Learner, Logical Problem Solving, Collaborative Mindset.

INTERESTS

Interests: Chess (Strategic Thinking), Badminton, Documentaries, Traveling.

PERSONAL DETAILS

Father's Name- Lt. Dr. Pankaj Jain | Mother's Name- Mrs. Neelam Jain

Date of Birth- Marsh 26th, 2005

SELF DECLARATION

I hereby declare that all the above information is true to the best of my knowledge and belief.
